

February 26, 1974

He may not even be able to get the amendment adopted, but to put it over there and say that it takes 25 votes is going to be a handicap to the people who are not in here.

SENATOR CARPENTER: I think that this body would agree to the extent that they can agree on a matter like this tomorrow morning, if he is in that position that he wants to hurry this thing over because of any reason that he has, and if he has an amendment, I think that we give them the courtesy of doing it.

SENATOR BARNETT: I think that that is fair enough. I withdraw my objection to the amendment going on then.

PRESIDENT: Since there is no objection to the bill, LB826 is advanced to E & R for review. The next bill is LB768.

CLERK: Read LB768.

PRESIDENT: Senator Syas.

SENATOR SYAS: I ask unanimous consent to advance the bill. What the bill does is the city of metropolitan class, cuts weeds and charges the owner for them and many times they run into more litter than weeds, and this would allow them to do the same thing on litter as they now do on weeds. Just a point of information. I see a gentlemen then by the name of Otis Bead, talked about this,

SENATOR BARNETT: I see a gentleman by the name of Otis Glead talked about this, is this our Lincoln's Otis Glead?

SENATOR SYAS: Yes.

SENATOR BARNETT: I noticed that he testified in favor of the bill, what I was really interested in I suppose is what.. was this his idea or was this somebody elses?

SENATOR SYAS: I don't know, when he testified I don't think that I was in the room, I would rather you ask Senator Snyder. I did here Mr. Bailey of the Mayor's office testify, but I don't remember Mr. Glead testifying, but I think that Senator Snyder can fill you in on that. Will you tell him Duke?

PRESIDENT: Senator Snyder.

SENATOR SNYDER: I couldn't tell what Mr. Glead was saying when he was there and I sure couldn't recall today.

SENATOR BARNETT: OK, I'll have to wait and ask somebody else then that can understand him. Thank you.

PRESIDENT: Any further discussion of 768? Senator Syas has already asked unanimous consent to advance the bill. Are there any objections? I see none. Therefore LB768 is advanced.

CLERK: Read Standing Committee Reports.
